Comfortable : Express.js | MongoDB | Node.js | Mongoose | JWT | Stripe.js | SSLCOMMERZ
Tool & Software : Git | GitHub | ChatGPT | VS Code | Chrome Dev | Vercel | Figma | Postman |

PROJECTS

Granthagar - Book Store Market [Live Link](#) | Github → [Client](#) || [Server](#)

- Explore various book categories including fiction, non-fiction, self-help, fantasy, and more! allows users to find books by title, author, genre, or keywords.
- Once users find a book they're interested in, they can easily add it to their cart and proceed with the purchase.
- Enjoy tailored experiences with separate dashboards for users and admins.

Technology Used : Next.js | TypeScript | Redux | Express JS | Mongoose | JWT Token | Tailwindcss

Med Relief Hub - Disaster Community Health Supply [Live Link](#) | Github → [Client](#) || [Server](#)

- Users can easily browse through a curated list of essential medical supplies needed during disasters.
- An intuitive interface allows users to select and donate specific items directly through the website.
- The platform features a community page where users can share their experiences and the benefits they've received from the platform.

Technology Used : React | TypeScript | Redux | Express JS | SSLCommerz | AntD | Framer Motion | Shadcn

Sejuti Online - Online Services [Live Link](#) | Github → [Client](#) || [Server](#)

- The platform streamlines the job application process, allowing users to submit resumes and cover letters directly through the website.
- Professional writers work closely with clients to highlight their skills, experience, and achievements, increasing their chances of landing interviews.
- Users can apply for various permits and licenses, such as passports, driving licenses, and professional certifications, through a simple and intuitive process.

Technology Used : Nextjs | TypeScript | Tailwindcss | Shadcn |
